C.R.I. Swimming Pool Pumps

VISTA Series

C.R.I. Swimming Pool pumps are developed with the combination of immense experience, cutting edge technology and integrated quality control system complying with internationally accepted standards. The pumps are self-priming type inbuilt with pre filter basket for cleaning the pool water. The mechanical seals are made of graphite and alumina with close tolerance for perfect sealing systems and the dynamically balanced rotary parts ensure vibration and noise free operation. All the parts of both pumps and motors are made of high quality materials to enhance the life span and efficiency. All single phase pumps are equipped with thermal overload protector to protect the motor from adverse operating conditions.

Vista series are the best choice for swimming pool water filtration and recycling

Applications

- Residential Buildings • Bungalows
- Hotels • Apartments

Specifications

Type	Asynchronous
Degree of protection	IP55
Pole	2 pole
Insulation Class	Class F
Duty	S1
Max. Head range	21 mtr
Max. Flow range	36 m³/h
